AT HAYMARKET BELFAST

# The Armoury

The Armoury is a state-of-the-art simulation shooting range, giving you the chance to test your aim and trigger reflexes against your friends or colleagues.

Compete against each other to get the highest score by shooting your way through a series of courses! Using the latest technology and replica fire-arms

The Armoury is something new and exciting, and the ideal location for your stag, hen, birthday or celebration of any kind!

With private booths, full venue hire and fantastic food and drinks packages - it will take team bonding or party celebrations to a new level!

# How It Works

## On The Day

- We ask all guests to arrive at the venue 15 minutes prior to the start time so ensure that you are ready to 'fire away' as soon as your session starts (and maybe have a cheeky cocktail to get started!)
- Our gun-hosts will take you to your dedicated booth(s) and run through the short demo which includes how to use our guns and technology, what is in your personal armoury and how to master the skill of precision shooting.
- Our gun-hosts will unlock the armoury and issue you with your hand pistol and shotgun which is included in your package. You will be able to upgrade your guns at this point, to include the pump shotgun or AK47 if you would like.
- A bank card must be provided by the lead booker to be secured locked in the armoury, which will be released once your booking is complete. There is no charge placed on this card, it is purely for gun security.
- You will then have your full session from there on in. You and your competitors will take it in turns 1-by-1 to shoot out against our amazing simulations. Our serving team will be on hand to take a food and drinks order, delivered straight to your table.
- Once finished, our gun host will do a quick debrief, lock up the guns and retrieve your secured bank card. They will then move you out to 'The Haymarket Courtyard' to enjoy some drinks, a bite to eat and some live music.
